In the event the City or other government agency with jurisdiction and authority requires specific building materials not authorized above or requires that Owners have additional choices or building materials not authorized above, the Approving Party shall have the right, in its absolute discretion, to establish and regulate in writing the specific types, colors and other aesthetic features of such new or additional building materials.

The exterior building material requirements for the Multi-Family Lots shall be determined by the Developer in its discretion.

Surfaces

All applicable exterior components (excluding roofs, brick, stone, decks, and similar components) shall be covered with a workmanlike finish of paint or stain. No residence or Exterior Structure shall stand with its exterior in any unfinished condition for longer than five months after commencement of construction. (B) has been built in accordance with such approved plans. Compliance with the specific requirements or restrictions set forth in subsection below or elsewhere in this Declaration shall not automatically entitle an Owner to install or maintain any specific Exterior Structures, and the Approving Party, in its discretion, shall always have the right to additionally regulate, prohibit, condition or otherwise restrict any Exterior Structure notwithstanding such otherwise compliance.

Fence

No fence (including, without limitation, an underground electric fence) and privacy screen may be installed unless and until an application containing such information as may be required by the Approving Party has been submitted to and approved in writing by the Approving Party. All basketball goals shall be permanently installed, free standing and not attached to the residence. All backboards shall be transparent and all poles shall be black. There shall be only one basketball goal per Lot. No "homemade" backboards or poles shall be permitted. Buildings or Uses Other Than for Residential Purposes; Noxious Activities; Miscellaneous Use Restrictions

(a) No residence or Exterior Structure, or any portion thereof, shall ever be placed, erected or used for business, professional, trade or commercial purposes on any Lot; provided, however, that this restriction shall not prevent an Owner or occupant from maintaining an office area or operating a home-business occupation in his residence in accordance with the applicable ordinances of the City so long as the residential character of the area is maintained.

(b) No illegal, noxious or offensive activity shall be carried on with respect to any Lot; nor shall any trash, ashes, grass clippings, leaves, or other refuse be thrown, placed or dumped upon any Lot or Common Area; nor shall anything be done which may be or become an annoyance or a nuisance to the Subdivision, or any part thereof, except as may be otherwise expressly permitted by this Declaration. The foregoing shall not be construed to limit or restrict the rights or powers of the Developer or the Homes Association under this Declaration.

(c) Each Owner shall properly maintain his Lot in a neat, clean and orderly fashion. The exterior portions of the residence and all Exterior Structures on the Lot (including, without limitation, any fence that may have been installed by or for the Developer) shall be kept and maintained by the Owner in good condition and repair at all times. Each residence exterior shall be repainted by the Owner, as needed. Any significant exterior color change must be approved in advance.

(d) Unlicensed, unregistered or inoperative motor vehicles are prohibited, except in an enclosed garage.

(e) Overnight parking of motor vehicles, boats, trailers, buses, campers, or similar apparatus of any type or character in public streets, Common Areas (other than Multi-Family Lot driveways that may be located in the Common Areas) or vacant lots is prohibited. Motor vehicles shall be parked overnight in garages or on paved driveways only. Except as provided in subsection (g) below, no vehicle (other than an operable passenger automobile, passenger van or small truck), commercial truck or van, bus, boat, jet-ski, trailer, camper, mobile home, or similar apparatus

shall be left or stored overnight on any Lot, except in an enclosed garage. Vehicle parking along the streets for the Multi-Family Lots shall be restricted to one-side parking only. The City shall determine which side of each such street that vehicle parking will be allowed.

Parking in the Tract P parking lot is restricted to owners actively using community amenities located on Tracts P & 6B and is permitted only during the designated hours of operation.

Vehicles must not be parked in a manner that blocks or encroaches upon sidewalks, pedestrian or ADA-accessible routes, extends into the traveled portion of a street, interferes with traffic flow, or creates a safety hazard.

(f) Trucks or commercial vehicles with gross vehicle weight of 12,000 pounds or over are prohibited in the Subdivision except during such limited time as such truck or vehicle is actually being used in the Subdivision during normal working hours for its specific purpose.

(g) Recreational motor vehicles of any type or character are prohibited except: (i) When stored in an enclosed garage; (ii) When temporarily parked on the driveway for the purpose of loading and unloading (maximum of 24 hours every 14 days); or (iii) With prior written approval of the Approving Party.

(h) No television, radio, citizens' band, short wave or other antenna, clothes line or pole, or other unsightly projection shall be attached to the exterior of any residence or erected in any yard. Should any part or all of the restriction set forth in the preceding sentence be unenforceable because it violates a statute or the First Amendment or any other provision of the United States Constitution, the Approving Party shall have the right to establish rules and regulations regarding the location, size, landscaping and other aesthetic aspects of such projections so as to reasonably control the impact of such projections on the Subdivision, and all parts thereof, and any such rules and regulations shall be binding upon all of the Lots. Notwithstanding any provision in this Declaration to the contrary, small satellite dishes may be installed, with the prior written consent and in accordance with the requirements of the Approving Party, so as to render the installation as inoffensive as possible to other Owners.

(i) No solar panels may be installed without the prior written consent of the Approving Party. Should any part or all of the restriction set forth in the preceding sentence be unenforceable because it violates a statute or any provision of the United States Constitution or the Missouri Constitution, the Approving Party shall have the right to establish rules and regulations regarding the location, size, and other aesthetic aspects of solar panels so as to reasonably control the impact of such solar panels on the Subdivision, and all parts thereof, and any such rules and regulations shall be binding upon all of the Lots.

(j) No artificial flowers, trees or other vegetation shall be permitted on the exterior of any residence or in the yard. Sculptures, bird baths, bird feeders, fountains, yard art, and similar decorative objects are allowed on the exterior of the residence or in the yard only with the specific written approval of the Approving Party.

(l) No garage sales, sample sales, estate sales or similar activities shall be held within the Subdivision without the prior written consent of the Board.

(m) No speaker, horn, whistle, siren, bell or other sound device shall be located, installed or maintained upon the exterior of any residence or in any yard, except intercoms, devices used exclusively for security purposes, and stereo speakers used in accordance with any rules specified by the Board.

(p) No shed, barn, detached garage or other storage facility shall be erected upon, moved onto or maintained upon any Lot. No temporary storage pod or container may remain on any Lot (other than in an enclosed garage) for more than ten (10) consecutive days or more than fifteen (15) days in any three (3) month period. Any placement of a temporary storage pod or container shall require prior written notice to the Board and written acknowledgment by the Board before delivery.

(q) No outside fuel storage tanks of any kind shall be permitted (except standard propane tanks for outdoor grills).

(r) Except for signs erected by or for the Developer or its approved real estate brokerage company for the Subdivision, no sign, advertisement or billboard may be erected or maintained on any Lot, except that: (i) One sign not more than three feet high and/or three feet wide may be maintained offering the residence for sale or lease. For newly constructed homes offered for sale, only a real estate brokerage company sign (which may include a rider identifying the builder), and not also a separate sign for the builder, may be used if a real estate brokerage company is involved. (ii) One garage sale sign not more than three feet high and/or three feet wide is permitted on the Lot when a permitted garage sale is being held, provided such signs are erected in accordance with City code and are installed no more than two hours before the start of the sale and are removed within two hours after the close of the sale. (iii) One political sign per candidate or issue not more than three feet high or three feet wide is permitted on the Lot for up to three weeks before the election but must be removed within 24 hours after the election. (iv) Small school-related activities signs may be maintained near the residence while the student is residing in the residence. Event celebration signs ("new baby", "graduation", etc.)

may be maintained for up to seven (7) days. Without limiting the foregoing, no sign shall be permitted which (A) describes the condition of the residence or the Lot, (B) describes, maligns, or refers to the reputation, character or building practices of the Developer, any builder, any realtor, or any other Owner, or (C) discourages or otherwise impacts or attempts to impact a party's decision to acquire a Lot or residence in the Subdivision. In the event of a violation of the foregoing provisions, the Developer and/or the Homes Association shall be entitled to remove any such offending sign, and in so doing, shall not be subjected to any liability for trespass, violation of constitutional or other rights, or otherwise. If these limitations on the use of signs, or any part thereof, are determined to be unlawful, the Board shall have the right to regulate the use of signs in a manner not in violation of law.

(s) No sign (other than community marketing signs approved by the Developer) shall be placed or maintained in any Common Area without the approval of the Approving Party.

(t) No trash, refuse, or garbage can or receptacle (other than construction dumpsters during construction) shall be placed on any Lot outside a residence, except for the evening of the day before the scheduled pick-up day until twelve (12) hours after actual pick up and except for grass bags placed in the back or side yard pending next regularly scheduled trash collection. Exceptions allowed with the approval of the Approving Party.

(u) Garage doors shall remain closed at all times except when necessary for ingress and egress.

(v) No residence or part thereof shall be rented or used for transient or hotel purposes, which are defined as: (i) rental of less than three months duration or under which occupants are provided customary hotel services such as room service for food and beverages, maid service, and similar services; or (ii) rental to roomers or boarders (i.e., rental to one or more persons of a portion of a residence only). No lease may be of less than an entire residence. Each lease shall be in writing, shall require that the tenant and other occupants acknowledge the existence of this Declaration and agree to comply with all provisions of this Declaration, shall provide that the lease shall be subject in all respects to the provisions of this Declaration and to the rules and regulations promulgated from time to time by the Board, and shall provide that the failure by the tenant to comply with the terms of this Declaration or such rules and regulations shall be a default under the lease. In the event a tenant fails to comply with the terms of this Declaration or such rules and regulations, the Owner shall, if so directed by the Board and to the extent permitted by law, terminate the lease and evict the tenant. Prior to the commencement of the term of a lease, the Owner shall notify the Board, in writing, of the name or names of the tenant or tenants and the time during which the lease term shall be in effect. Notwithstanding the existence of a lease, the Owner shall remain liable for all obligations under this Declaration with respect to the Lot and the improvements thereon and the use thereof and the Common Areas, and the Owner shall cause the rented property to be maintained to the same general condition and standards as then prevailing for the Owner-occupied residences in the Subdivision.

Owners are responsible for performing reasonable tenant screening, which may include verifying rental history, references, and the tenant's ability to pay rent. An owner shall not lease

their property to any tenant who has been subject to an eviction judgment for nonpayment of rent or breach of a lease within the past five (5) years, or who has a documented history of violating laws or regulations that directly impact community safety or the peaceful enjoyment of neighboring properties.

(w) Each of the Developer and the Homes Association may enforce the foregoing restrictions and other provisions of this Declaration by establishing, levying and collecting monetary fines and other enforcement charges, having vehicles, trailers or other apparatus towed away at the Owner's expense, or taking such other lawful actions as the Developer or the Homes Association, in its sole discretion, deems appropriate.

Rental Registration and Tenant Notification

Owners who lease or rent their property must register each rental annually with the Association, using **Rental Registration & Tenant Notification** form, for purposes of contact, compliance, and emergency notification. The annual rental registration form must be submitted to the Association by December 31st of each year, and failure to submit by this date may be deemed a violation subject to enforcement by the Board. Owners are also required to notify the Association within ten (10) days of any tenant move-in or move-out. It is the Owner's responsibility to inform their tenants of the Declaration, rules, and regulations of the Association. Lack of knowledge of the rules by a tenant shall not excuse any violation, and Owners remain fully responsible for any violations caused by their tenants, occupants, or guests. Failure to provide the requested rental information may be deemed a violation subject to enforcement by the Board.

All leases shall include an Association-approved lease addendum requiring tenant compliance with the Declaration, Bylaws, and Rules and Regulations. Failure to include the addendum constitutes a violation by the Owner.

Animals

No animals of any kind shall be raised, bred, kept or maintained on any Lot except that dogs, cats and other common household pets may be raised, bred, kept or maintained so long as

- (a) they are not raised, bred, kept or maintained for commercial purposes,
- (b) they do not constitute a nuisance and
- (c) the City ordinances and other applicable laws are satisfied.

Bees, cows, horses, swine, goats, sheep, poultry, other domesticated farm animals, undomesticated (wild) animals, exotic animals, and animals requiring special permits from any government authority are prohibited. All pets shall be confined to the Lot of the Owner except when on a leash controlled by a responsible person. Owners shall immediately clean up after their pets on all streets, Common Areas and Lots owned by others.

Lawns, Landscaping and Gardens

Within 60 days after the issuance of any permanent or temporary certificate of occupancy for the residence on a Single-Family Lot, the lawn, including all areas between the residence and any adjacent street, regardless of the existence and location of any fence, monument, boundary wall, berm, sidewalk or right-of-way line, shall be fully sodded and shall remain fully sodded at all times thereafter; provided, however, that the Owner of a Lot may leave a portion of the Lot as a natural area with the express written permission of the Approving Party. No lawn on a Lot shall be planted with zoysia or buffalo grass.

The Developer shall specify the sod and landscaping requirements for the Multi-Family Lots.

All vegetable gardens shall be located behind the rear corners of the residence (as determined by the Approving Party) and at least five feet away from the boundary of the Lot. No vegetable garden(s) shall exceed 100 square feet in size on any Lot, except with the prior written consent of the Approving Party.

Each Owner shall keep the lawn of the Lot in good condition all times and uniformly mowed and clipped with a length of grass not to exceed four inches and reasonably free from weeds.

Grass clippings, leaves, and landscaping debris shall be removed from driveways, sidewalks, and streets after mowing or landscaping and shall be properly collected and disposed of in accordance with applicable local regulations.

The Developer shall have the right (but not the obligation) to install one or more trees on each Lot. The type(s) and location(s) of Tree(s) and timing of planting shall be selected by the Developer in its absolute discretion. Each Owner shall properly water, maintain and replace all trees and landscaping on the Owner's Lot (including any trees planted by or for the Developer, but excluding those in a Common Area maintained by the Homes Association).

Easements for Public Utilities; Drainage; Maintenance

The Developer shall have, and does hereby reserve, the right to locate, erect, construct, maintain and use, or authorize the location, erection, construction, maintenance and use of drains, pipelines, sanitary and storm sewers, gas and water lines, electric and telephone lines, television cables and other utilities, and to give or grant rights-of-way or easements therefor, over, under, upon and through all easements and rights-of-way of record or shown on any recorded plat of the Subdivision or any Common Area. All utility easements and rights-of-way shall inure to the benefit of all utility companies, governmental authorities, the Developer and the Homes Association, for purposes of installing, maintaining or moving any utility lines or services and shall inure to the benefit of the Developer, all Owners and the Homes Association as a cross easement for utility line service and maintenance.

The Developer shall have and does hereby reserve for itself and its successors and assigns and the Homes Association and its successors and assigns an easement over and through all unimproved portions of each Lot for the purpose of performing the powers and duties of the

Homes Association and maintaining any Common Area. The Developer shall have the right to execute and record, at any time, an easement with respect to specific areas utilized as provided above.

The Developer shall have and does hereby reserve for itself and its successors and assigns an easement over and through the Multi-Family Common Areas for the purpose of installing and maintaining Encroaching Improvements for each Multi-Family Lot.

The Developer and the Homes Association, through its authorized representative(s), may at any reasonable time enter any Lot, without being deemed guilty of trespass, for the purpose of inspecting the Lot and any improvements thereon to ascertain any compliance or noncompliance with the requirements and terms of this Declaration and/or any plans approved hereunder.

The Developer and the builder or the residence on the Lot shall have reasonable access to each Lot for the purpose of inspecting and maintaining erosion control devices until final stabilization of the full Lot is achieved by sodding and landscaping. No Owner shall prevent or inhibit the Developer's or the builder's reasonable access for such purpose, and no Owner shall remove or damage any erosion control devices installed by the Developer or the builder. Each Owner shall notify the builder and the Developer of any damage to such erosion control devices.

In the event any easement rights granted in this Section are exercised with respect to any Lot, the party so exercising such easement rights shall exercise the same in a reasonable manner so as to minimize all adverse effects on the Owners and shall promptly repair any damages to such Lot resulting from the exercise of such easement rights and restore the Lot to as near the original condition as possible.

No water from any roof, downspout, sump pump, perimeter basement drain or surface drainage shall be placed in or connected to any sanitary sewer line.

Common Areas

(a) The Developer shall have the right (but not the obligation) to provide Common Areas for the use and benefit of the Subdivision. The size, location, nature and extent of improvements and landscaping in the Common Areas, and all other aspects of the Common Areas that are provided by the Developer, shall be determined by the Developer in its absolute discretion.

(b) The Developer and its successors, assigns, and grantees, the Owners, and the Homes Association shall have the right and easement of enjoyment in and to all of the Common Areas, but only for the intended and permitted use of such Common Areas.
