# SCREENING

StuartCo is proud to partner with PetScreening.com, a digital service that helps streamline pet and animal management in our community. This platform ensures that all residents—pet owners and non-pet owners alike—are living in a safe, accountable, and pet-friendly environment.

## Create your PetScreening profile!

Whether you're renewing your lease or applying to become a new resident, everyone must complete a PetScreening profile.

Choose from one of the following profile types:

1. Household Pet - \$30 annual fee (includes all benefits below)
2. Assistance Animal (service or emotional support animal)
  - Your submission will be reviewed by a licensed physician to determine medical necessity. Pet Screening's legal team will then make the final determination. There is no cost for this evaluation.
3. No Pet / Animal - For individuals without pets or assistance animals
  - Simply complete a short form confirming you do not have any pets or assistance animals. There is no charge for this option.

## Why you'll love your PetScreening profile

1. FREE "Lost Pet" Alerts
  - Through FidoTabbyAlert.com, the first ever Amber-Alert system for pets, you'll receive a free pet tag and peace of mind knowing your pet has a better chance of returning home safely.
2. Mobile Access to Medical Records
  - Access your pet's health and vaccination info anytime, anywhere—especially helpful for travel and emergencies.
3. Exclusive Pet Discounts
  - Take advantage of savings on pet-related products and services.
