

NOTIFICATION OF ABSENCE FROM HOME

Huntington Village Homes requires its residents provide advance notification when their home will be unoccupied for more than a 7-day period of time. Please review below and complete the following:

- **DO NOT TURN OFF THERMOSTAT**
- Depending on the season, set the thermostat on auto and the heat to a minimum of 60 degrees or the air conditioner to a maximum of 75 degrees. If your absence extends across seasons, you are required to ensure your designee enables the heating or cooling system, as appropriate, when needed, based on seasonal conditions in order to avoid damage to your home or personal belongings
- Turn off water at shut-off valve. Please call maintenance at (478) 339-7088 if you are unsure how to do this
- Disconnect hoses and quick connect devices from water spigots
- Close and lock windows, doors and garage

Resident Name: _____ Address: _____ Phone: _____
